REMOVING & REPLACING SOLD RV UNITS

The California RV Show will make available to the Dealers every morning between the hours of 7:00 am - 9:00 am unit(s) that can be moved out of your show display, provided the sold unit is replaced with a new untitled unit.

Register with the Show Office the day prior to each exchange. Units will not be moved in or removed without a Unit Exchange form. The cost of **\$150.00** for each unit being removed is payable when the paperwork is filled out.

We will accept Cash, Company Checks, M/Card, Visa or American Exp. No personal checks will be accepted. All Exchanges must be paid for before a unit can be moved.

You are responsible for moving and replacing the exchanging unit under the supervision of an Show Staff Assistant. Any unit being removed from a display must be replaced with another unit. If the new owners are not onsite to claim the unit as it is removed from the show, the unit may be placed in the Test Drive Parking area.

Only Sold units will be allowed removal and replacement. When units are being placed during move-in, the Manufacturer must decide, with his Dealer, if he is going to participate in the exchange program. If the Dealer will be participating in the exchange program, the units must be placed within a display leaving a two-foot space between each so removal and replacement can be accomplished within the allotted time frame and without damage to any unit(s).

When you submit your exchange request in the Show Office, please remember that you may not ask another exhibitor to relocate, move, or dismantle any part of their display to remove your unit(s).

MANUFACTURERS & DEALERS

DMV TEMPORARY BRANCH LICENSES

Manufacturer please fill out the 'Certificate Of Proposed Franchise OL-124' for each Dealer who will be selling your units at the show and forward the completed OL-124 form that they will need in order to get a Temporary Branch Permit.

Dealers please submit to the DMV (10 Business days before the opening of the show on September 20th) the following in order to receive your Temporary Branch Permit.

- 1) 'Application for Temporary Branch Location OL-73A plus application fee
- 2) 'Certificate of Proposed Franchise OL-124' (completed by the Manufacturer)
- 3) 'Letter of Authorization' in Service Kit from Department of Motor Vehicle,
Dianne Strange, Supervising Inspector

GUIDELINES TO FILLING OUT THE OL-124 FORM

Please check the first box on the form which says "*Notice to the new Motor Vehicle Board not required under Section 3062 or 3072.....*"

"Make of Vehicle(s).....Be very specific in listing the line/make/brand name of the units the dealer will handle at the show. Under "**Date the New Motor Vehicle Board and**"..... put **N/A** Under "**Proposed Franchisee Name**"..... You must list the Dealership's name **EXACTLY** as it appears on the Dealer's license. If you don't know, please contact the Dealer for the information.

RV Industry Association recommends that Manufacturers specify with as much precision as possible which RV's a particular Dealer is authorized to sell. For example, a Manufacturer should list the vehicles a Dealer is authorized to sell by name and specify whether the 'line make' granted to a particular Dealer includes only motorized or non-motorized products; which RV product "types" are included in the 'line make'.

DMV TEMPORARY BRANCH LICENSES

Select from among the following: Type A, B, or C Motorhomes, Travel Trailers, Fifth-wheel trailers, Folding camping trailers; whether a particular Dealer's 'line make' includes gas and/or diesel powered motor homes, light, ultra light, mid-line, or high-line trailers, etc.

Think about how your company divides its products amongst Dealers in the same marketplace and make sure the product descriptions reflect that division. Accurate and precise descriptions will be of value should challenges over marketing rights develop.

If you have any questions regarding the Franchise law and its requirements, please call the New Motor Vehicle Board 916/445-2080. If you have any questions regarding the California Vehicle Code, please call Dianne Strange 626/974-7140.

Please do not call the DMV office in Covina, CA. with these types of questions. The Covina, CA. office handles questions on requirements or problems with the issuance of off-site temporary licenses only. The following is the physical address and hours.

DMV, OL Inspections Office, 1365 N. Grand Ave, Suite 102, Covina, CA. 91724, Phone 626/974-7140, Fax 626/974-7119. Applications accepted: Monday, Tuesday, Thursday & Friday 8:30-11:30 and 1:00-4:30. Closed on Wednesdays.

DMV SIGN REQUIREMENTS

The Sign must be two (2) square feet with lettering sufficient to be read from a distance of fifty (50) feet.

The Sign is required to identify the licensed name of the Dealer and licensed address.

Ordering of signs can be placed with GES (Global Experience Specialists) prior to September 14, 2018.

Exhibitor Security Tips

*Here are some tips on what exhibitors can do to secure their property.
It is your responsibility to protect your units/booths from theft or loss.*

- **Lock units** ~ before leaving for the day - too many units are left open each evening. Assign as a duty to staff members the responsibility of locking up units each night. To other staff, assign as a duty the responsibility to double check that the units are locked.
- **Set Alarm** ~ systems if you have them.
- **Do Not** ~ leave easily carried items sitting out, put away or lock up if possible small products, electronics, decor items, etc. that can be easily taken.
- **Do Not** ~ leave interior lights and/or sound systems on inside units overnight. Security personnel can spot a problem in your space more readily if interior coach lights, sound systems, TV's are all turned off.
- **Do Not** ~ linger in exhibits after dark. Exhibit personnel who remain in their booth past closing may be mistaken as part of the problem. If you must be in your booth late, notify the Show Office or Security.

Thank You,

Show Management
